

TRI CUONG DAO (VINCENT)

Software Developer | Full-Stack Development | Python | JavaScript

Brisbane, Australia | tricuongdao75@gmail.com | 0435 878 929 | linkedin.com/in/tri-cuong-dao

PROFESSIONAL SUMMARY

Detail-oriented Information Technology student with hands-on experience building full-stack applications using React, Node.js, and modern web technologies. Combines strong technical foundations in Python, JavaScript, and cloud tools (AWS, Git) with proven professional skills in document management, organisation, and client communication developed as a Legal Secretary. Adept at managing deadlines, coordinating across teams, and delivering accurate, well-structured work in fast-paced environments.

WORK EXPERIENCE

Legal Secretary

T Lawyers, Inala, Brisbane QLD

February 2025 – Present

- Drafted and formatted legal correspondence, pleadings, and documents to a high standard of accuracy.
- Managed file organisation, diarising, and matter deadlines across multiple concurrent cases.
- Liaised with clients, counsel, and courts to ensure smooth communication and timely case progression.
- Prepared costing and billing on matter files, maintaining accurate financial records.
- Handled document conversion and record-keeping in line with legal compliance standards.
- Coordinated property settlement documentation, ensuring all requirements were met ahead of deadlines.

PROJECTS

Flow Mate — Full-Stack Task Management Application

- Built a full-stack personal task management application with a React frontend and Node.js/Express backend.
- Designed a clean, modern, and responsive interface to deliver a seamless user experience.
- Implemented end-to-end features for organising and tracking daily to-dos, from UI to API to data layer.
